

# Jeremie Roberrini

## UX Strategy

Creative and impact-driven UX designer with 4+ years of experience across fast-paced startups and SaaS companies. Specialising in accessibility-first design, systems thinking, and collaborative discovery. Strong communicator who bridges business needs and user empathy through well-crafted design solutions.

## Experience

### Senior UX Designer

*Position Green* | April 2024 – June 2025 (1yr 3m) | Malmö

- Led end-to-end design for new features, leading to a 20% increase in positive feedback.
- Acted as a bridge between design and product strategy to align business goals and user needs.
- Collaborated with Product Owner and developers in a product trio, helping prioritise initiatives.
- Documented internal systems and design guidelines to improve knowledge sharing.

### UX/UI Designer

*Gigapay* | January 2023 – April 2024 (1yr 4m) | Stockholm

- Established a human-accessible design system from scratch.
- Rebuilt the product experience, reducing by 30% support tickets.
- Shaped visual identity and design assets for marketing channels.

### UX Designer

*Snow Software* | May 2021 – December 2022 (1yr 8m) | Stockholm

- Designed features aligned with existing design systems standards.
- Established an accessibility framework, improving compliance with WCAG.
- Produced internal communication materials to align stakeholders on product vision.

### Product Designer

*Leikir Web* | September 2020 – January 2021 (5m) | Paris

- Delivered animations, interfaces, and prototypes for web applications.
- Maintained design systems and collaborated daily with developers.

### Intern UX Designer

*Beikos* | May 2020 – July 2020 (3m) | Amsterdam

- Led the design process for a mobile-first product launch.
- Translated scientific research into accessible UX flows.
- Built a component-based design workflow for product and dev teams.

**+ 2 years of experience** in client management and customer service.

*(Spotzer, DS Smith, Nike/Concentrix)*
